BioGlass Glass & Window Cleaner

Cleaner is a SAFE All-purpose solution that is water based, biodegradable and environmentally responsible with a zero rating in the three NFPA categories of Health, flammability and reactivity when diluted.

BioGlass Glass & Window Cleaner is the perfect material for the window cleaning professional. Removes all kinds of dirt grease and grime from window and glass surfaces.

BioGlass Glass & Window Cleaner is an advanced formula designed for maximum results in minimum time. Super concentrate means you use less chemical. Super effective means you clean better faster. Readily biodegradable surfactants make this a great choice for environmentally sensitive areas.

APPLICATION

DILUTION:

1/8 fluid ounce per gallon of water.

USAGE:

Apply with a spray bottle or power washer for perfect foam and perfect glide. Use Squeegee to take cleaner off. Do not allow window to dry before taking off. Only apply to areas that can be squeegeed dry.

PRECAUTIONS:

The precautions below are for handling and storage of the concentrate as supplies. The diluted or "use" solution does not require any pictogram or warning labels.

▶ May cause serious eye damage. Wear eye/face protection when using product.

▶ **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a *POISON CENTER* or doctor/physician.

DISPOSAL:

Dispose of contents/container to hazardous or special waste collection point.
